ABOUT ARTS EVENTS: CAN WE HELP YOURS TO HAPPEN?

The South Carolina Arts Commission awards State and Federal arts monies for four categories of grants. The majority of proposals to SCAC are for:

Program Grants -- proposals to fund performing arts performances and touring shows, exhibits, arts festivals, literary projects, design projects, conferences, concerts, etc.

Besides Program Grants, which enable the organization to provide a service of attraction for the community, there are:

Service Grants -- proposals to aid the organizations directly. These involve projects such as Consultants, Personnel Development & In-Service Training.

WAIT, THERE'S MORE!

Developmental Grants -- for proposals involving new and unusual arts programs, experimental projects and innovative arts activities. Such proposals might consist of unique inner-cities arts projects, new dimensional approaches to theatre, novel combinations of multi-media arts.

AND NOW THIS:

Individual Grants -- proposals submitted by individual artists (all art forms), to create their art in ways that would benefit both the people of South Carolina and the artists themselves. Examples might include playwrights, film makers, painters, sculptors, poets, musicians, etc.

HOW TO APPLY:

Grant application forms are available from the South Carolina Arts Commission, 1001 Main St., Columbia 29201.

Applications may be submitted to the Arts Commission at any time during the year, but the following 1972 deadlines will determine when your application is acted upon:

March 1  
June 1  
September 1  
December 1

Grant applications received between these dates will not be acted upon, except in rare emergency situations, until the subsequent application deadline.
